

INTRODUCTION

The *Illinois Register* is the official state document for publishing public notice of rulemaking activity initiated by State governmental agencies. The table of contents is arranged categorically by rulemaking activity and alphabetically by agency within each category. The Register also contains a Cumulative Index listing alphabetically by agency the Parts (sets of rules) on which rulemaking activity has occurred in the current Register volume year and a Sections Affected Index listing by Title each Section (including supplementary material) of a Part on which rulemaking activity has occurred in the current volume year. Both indices are action coded and are designed to aid the public in monitoring rules.

Rulemaking activity consists of proposed or adopted new rules; amendments to or repealers of existing rules; and rules promulgated by emergency or peremptory action. Executive Orders and Proclamations issued by the Governor; notices of public information required by State statute; and activities (meeting agendas, Statements of Objection or Recommendation, etc.) of the Joint Committee on Administrative Rules (JCAR), a legislative oversight committee which monitors the rulemaking activities of State agencies; is also published in the Register.

The Register is a weekly update to the *Illinois Administrative Code* (a compilation of the rules adopted by State agencies). The most recent edition of the Code along with the Register comprise the most current accounting of State agencies' rules.

The Illinois Register is the property of the State of Illinois, granted by the authority of the Illinois Administrative Procedure Act [5 ILCS 100/1-1 et seq.].

DEPARTMENT OF PUBLIC AID

JANUARY 1999 REGULATORY AGENDA

- a) Part(s) (Heading and Code Citation): Medical Assistance Programs (89 Ill. Adm. Code 120)

1) Rulemaking: Implement a pilot project in conjunction with the Chicago public school system to provide medical eligibility to students through 18 years of age who are eligible for the free school lunch program. Revise the policy on not allowing guardianship fees for AABD MAG and MANG clients.

A) Description: The Department has entered into an agreement with Chicago public schools that will allow the Department, through electronic exchange with such schools, to identify students presumptively eligible for Medicaid and to provide them with a medical eligibility card. The period for which presumptive medical eligibility will be authorized will be no more than 107 calendar days. This process will encourage families to apply for additional ongoing medical coverage for their children. This project will be conducted in accordance with Section 4502 of the Federal Balanced Budget Act of 1997.

The Department intends to propose changes to the policy on guardianship fees for AABD MAG and MANG clients. These changes would allow the Department to recognize court-ordered guardianship fees from the client's income or assets. For institutionalized persons, this would be accomplished by increasing the personal allowance. For all others, the fees would be an allowable deduction from income. Current policy prohibits deductions from the income of MANG clients, or allowances for MAG clients for any fees or costs related to guardianship.

- B) Statutory Authority: Section 12-13 of the Illinois Public Aid Code [305 ILCS 5/12-13]

C) Schedule of Meeting or Hearing Dates: The Department has not established a schedule of dates for hearings, meetings, or other opportunities for public participation in this rulemaking. The Department will accept and consider any written comments that may be submitted in response to this regulatory agenda. An opportunity for public comment will also be provided following publication of Notices of Proposed Rulemaking in the Illinois Register.

- D) Date Agency Anticipates First Notice: The Department has not determined when Notices of Proposed Rulemaking will be submitted for publication in the Illinois Register.

E) Effect on Small Businesses, Small Municipalities, and Not-For-Profit Corporations: The Department is unaware of any

- b) Part(s) (Heading and Code Citation): Medical Payment (89 Ill. Adm. Code 140)

1) Rulemaking: Delete the requirement that uses the date of the physician certification as a Medicaid begin date option for long term care payment. Update and clarify cost reporting requirements for long term care facilities. Eliminate provisions for annual resident review. Amend provisions relating to ICF/MR facilities. Clarify coverage of private automobiles as medical transportation. Add provisions to incorporate Illinois State Board of Pharmacy requirements. Clarify requirements for documentation regarding drugs returned to the pharmacy. Establish a policy that pharmacies must require a signature at the time a Medicaid prescription is picked up. Continue phased in implementation of the Recipient Eligibility Verification system. Add provisions on audit responses and readmits. Define prohibited marketing activities and the Department's responsibility for approving marketing plans. Implement a process for the registration, credentialing, rejection, termination and reinstatement of marketing representatives.

A) Description: The Department anticipates rulemaking to delete the date when physician certification requirements are met as an option for initiating Medicaid payments for long term care. Although the date of the physician certification will not be used to begin long term care payment, the completion of a physician certification will be required prior to authorization of Medicaid payment pursuant to federal regulations (42 CFR 456.360).

The Department plans to review all rules regarding cost reporting and allowable costs for long term care facilities. These rules

will be updated and clarified as appropriate. The Department does not plan to implement significant changes in policy.

The Department anticipates rulemaking as a result of Public Law 104-315 that deleted annual resident review as a federal requirement.

As one of the final steps under Public Act 87-996 in the transfer of responsibility for administering programs for persons with developmental disabilities (including Medicaid funded intermediate care facilities (ICF/MR)), from the Department to the Department of Human Services (DHS) (formerly Department of Mental Health and Developmental Disabilities), DHS will adopt its own rules relating to ICF/MR facility services and responsibilities. Rules relating to ICF/MR facilities currently under the Department of Public Aid will be amended accordingly.

Amendments to clarify the coverage of private automobiles as a means of transportation to a medical service are planned by the Department. Current rules do not provide any criteria for enrolling private automobiles as providers of service. The Department will propose that reimbursement for transportation by private automobiles should be limited to continuous services or a chronic medical condition rather than an occasional appointment.

The Department plans to propose changes to the administrative rules to incorporate the Illinois State Board of Pharmacy requirements, for the practice of pharmacy in Illinois. Incorporating these requirements is necessary because the Health Care Financing Administration holds the Department responsible for monitoring compliance for Medicaid recipients. The language for the rules of the Department of Professional Regulation reflects the federal regulations.

The Department plans to propose amendments so that every drug returned to a pharmacy by a nursing home must be credited back to the Department unless there is acceptable documentation that the drug was destroyed within 72 hours of being returned. Failure to provide this credit will be possible grounds for termination or other action.

Amendments are planned to establish a policy regarding client signatures at the time of prescription pick up. Pharmacies will be required to maintain a signature log showing the signature of the recipient or the responsible party acting on the recipient's behalf who picked up each prescription. The log will not need to be separate from the logs required by other payers but must contain information sufficient to permit the prescription to be

identified within the Department's payment files.

The Department plans to propose rulemaking under the authority included in Public Act 88-554 to continue the implementation of the Recipient Eligibility Verification System. During the second phase of implementation, the Department plans on replacing the current paper medical identification card known as the MediPlan Card further technological enhancements may be incorporated into the REV system conditioned on improved technology and medical provider response to the REV system.

Additionally, the definition of high volume providers will be determined. In accordance with Public Act 88-554, all medical providers defined as "high volume" must participate in the REV program.

The Department plans to propose rulemaking to amend the current provisions on audits to allow vendors 45 days to respond to the audit findings and provide additional documentation for reaudit, and to provide that only one reaudit will be conducted, and if response is not received, the matter will be referred for administrative hearing to recover the amounts sought.

Certain marketing activities are prohibited by State and Federal law. These activities include unsolicited door-to-door or cold call marketing and marketing at Department of Public Aid or Department of Human Services offices. The Department is further required to establish guidelines for approving marketing plans submitted by managed care entities. The guidelines must include the stated prohibitions as well as criteria for offering gifts, favors or inducements to enroll in a managed care plan and registration of individuals engaged in marketing activities and supervisors of such individuals with the Department. The Department will also propose a process for the registration, credentialing, rejection, termination and reinstatement of marketing representatives and supervisors.

C) Schedule of Meeting or Hearing Dates: The Department has not established a schedule of dates for hearings, meetings, or other opportunities for public participation in this rulemaking. EXECUTIVE ORDER CREATING
THE GOVERNOR'S COMMISSION ON THE STATUS
OF WOMEN IN ILLINOIS

Whereas, while women have made extraordinary strides in Illinois and throughout the United States toward economic and social equity over the years, barriers to equity continue to exist; and

EXECUTIVE ORDER BANNING POLITICAL SOLICITATION OF FINANCIAL CONTRIBUTIONS FROM STATE EMPLOYEES

AND

PROHIBITING STATE EMPLOYEES FROM SOLICITING FINANCIAL CONTRIBUTIONS FOR THE GOVERNOR'S CAMPAIGN FINANCE COMMITTEE

Whereas, in 1957 the Illinois General Assembly enacted the State Employees Political Activities Act, 5 ILCS 320, et seq., which provides a broad prohibition against state employees, during regular working hours, participating in political meetings, soliciting moneys from any person for political purposes, or selling or distributing tickets for a political purpose. The Act does not apply to those employees' activities outside regular working hours; and

Whereas, in 1977 Governor James R. Thompson issued executive Order 4 which prohibits (1) directors and other appointed officers under the jurisdiction of the Governor from soliciting campaign contributions from employees of their agencies and entities doing business with or regulated by such agency and (2) any state officer or employee under the jurisdiction of the Governor from promising anything of value, including jobs, salary increases or preferred treatment of any kind whatsoever, in return for a political contribution; and

Whereas, in 1998 the Illinois General Assembly enacted the State Gift Ban Act, 5 ILCS 425, et seq., which took effect on January 1, 1999, barring among

other practices, any state employee or public official's face-to-face solicitation or acceptance of political contributions on state property, except leased sites used for a candidate's fundraising event; and

Whereas, the United States Supreme Court has recognized the existence of strong and compelling governmental interests in upholding limitations on political contributions as long as the prohibitions are narrowly drawn to achieve the important and legitimate purposes they are intended to address and First Amendment rights of freedom of expression and association are not unnecessarily adversely impacted by the prohibition. That Court has also long held that federal and state governments have a right to impose reasonable restrictions on the political activities of public employees in the interests of the maintaining the efficient operation of government programs and services; and

Whereas, I, George H. Ryan, declare that the State has a compelling interest in eliminating even the mere appearance of a conflict of interest, undue influence or potential impropriety which may arise when political contributions are solicited from individuals who are employed by a public official on whose behalf or for whose benefit the solicitation is being made; and

Whereas, I, George H. Ryan, further declare that the State has a compelling interest in eliminating even the mere appearance of a conflict of interest, undue influence or any impropriety which may result from State employees, who are charged with efficiently and impartially carrying out the duties and responsibilities of public employment, engaging in any solicitation of financial contributions for the campaign committee of the Governor; and

Whereas, it is the purpose and intent of this Executive Order to require the expeditious development and implementation of personnel policies by the Office of the Governor and all agencies, boards and commissions under the jurisdiction of the Governor that will ensure that (1) no state employee will be asked to make a financial contribution to the political campaign committee organized for the benefit of the Governor and (2) no State officer or employee may solicit financial contributions for said political campaign committee; and

Whereas, to assist in the successful and effective implementation of this important public policy initiative, I have directed my political campaign committee, Citizens for "George H. Ryan," to make every good faith effort to avoid soliciting financial contributions from State employees under my jurisdiction and to return any such contributions which may be inadvertently received;

Therefore, I, George H. Ryan, order that the Office of the Governor and all agencies, boards and commissions under my jurisdiction (hereafter referred to as "agency" or "agencies") shall develop and implement personnel policies by February 16, 1999, consistent with the highest standards of governmental ethics, establishing an absolute ban against any officer or employee engaging in the solicitation of financial contributions for the Governor's campaign finance committee, Citizens for "George H. Ryan," whether on State property or off or whether during regular business hours or not, from any other State officer or employee, or any other individual, business, association or any other entity.

OFFICE OF THE GOVERNOR

EXECUTIVE ORDERS

I further declare that, to avoid any appearance of undue influence and to promote public confidence in State government, it is the policy of this Administration that not only shall no employee of any agency under my jurisdiction be requested to make a financial contribution to the Governor's campaign finance committee, Citizens for "George H. Ryan," but that all such employees shall be strongly encouraged to refrain from making even unsolicited financial contributions to such Committee.

I further order more specifically the following:

1. Each Director or other agency head shall adopt and cause to be issued to each employee of such agency the following personnel policy:

In order to avoid the appearance of conflict of interest or undue influence and to foster public confidence in State government and in the fair and equal execution of the laws of this State, Governor George H. Ryan has directed his political campaign committee, Citizens for "George H. Ryan," to refrain from soliciting financial contributions from employees of agencies under the jurisdiction of the Governor and to return any such contributions which may be inadvertently received.

Additionally, in furtherance of these important State interests, no officer or employee of this agency may engage in any solicitation of financial contributions, whether during regular working hours or not and whether or not on State property, for or on behalf of Citizens for "George H. Ryan."

Any officer or employee who knowingly violates this policy or Executive Order 2(1999) will be subject to discipline up to and including suspension or discharge. Any violation of this policy or Executive Order committed by an officer or employee, who does so while purporting to represent the Governor or Citizens for "George H. Ryan," shall be considered an aggravating factor in determining the appropriate level of discipline.

In furtherance of this important and compelling state policy, Governor George H. Ryan also declares that it is the policy of his Administration, not only that State employees be free of any solicitation of funds, including requests to purchase tickets for fund raising events, for Citizens for "George H. Ryan", but also that employees of this agency should refrain from making any financial contributions, whether solicited or unsolicited, to the Governor's campaign finance committee, Citizens for "George H. Ryan".

2. Any State officer or employee who has knowledge of a violation of this Executive Order or the State agency personnel policy set forth in the foregoing paragraph is directed to report such alleged violation to his or her Director or other agency head and the

Illinois State Police, Division of Internal Investigation, as provided in Administrative Order 1(1995), as hereafter amended.

3. Each Director or other agency head shall cause a copy of the personnel policy set forth in paragraph 1, hereof, to be distributed to each affected employee and each such employee shall sign a written acknowledgment of his or her receipt of the same. Copies of the required personnel policy, as adopted by each agency, shall be filed with the Index Division of the Secretary of State where they will be available for public inspection.
